12/15/2010

I would like to take this opportunity to submit this letter of recommendation for Patrick McClanahan. I served as Patrick's University Supervisor for his student teaching experience and in that time observed him five times, in action, in the classroom. Over the course of the semester I also served as his instructor in the classroom Seminar 499. Across these several months I feel that we established a solid professional relationship.

In that time Patrick was always courteous, sincere and honest in his dealings not only with me, but with his students, his classroom supervisor and other staff. Patrick showed great improvement from the beginning of the student teaching experience to the end. He accepted criticism well and worked hard to improve his management and instructional abilities and by the end of the experience he was comfortable and confident in the role of teacher.

Patrick is well founded in his knowledge and ability to impart that knowledge to the students. He is creative and methodologically sound in his presentations and completely professional in the image he projects.

Patrick proved to be a conscientious worker, well organized, with an excellent work ethic. I highly recommend Patrick McClanahan to you without reservation and I feel that he certainly will be an asset to any district that chooses to employ him. Please do not hesitate to contact me if you have any questions with regard to his qualifications.

Sincerely,

Gene Essenmacher  
University Supervisor  
UM-Flint
